GAMAJET[®]

Blast Station

TOTE WASH SYSTEM

With the new Gamajet Blast Station you can now handle your tote cleaning in-house. Combining everything you need for fast and thorough cleaning, the Tote Wash System will eliminate the need for outside cleaning services. You can dramatically increase your cleaning efficiencies while keeping your totes on-site.

The Blast Station comes complete with a high pressure pump, Gamajet Tote Blaster Cleaning Machine, custom inlet cover and all necessary hoses and fittings. Simply install the pump, hook up your supply lines and you're ready to clean.

Turn virtually any area into a tote cleaning station.

The Blast Station incorporates the 360° impingement cleaning power of the Gamajet IX Tote Blaster.
